Tampering with noise control system prohibited.
 Federal law prohibits the following acts or the causing thereof:

(1) The removal or rendering inoperative by any person, circuit, team for purposes of maintenance, repair or replacement of any device or element of design incorporated into any new compressor for the purpose of noise control prior to its sale or delivery to the ultimate purchaser or while it is in use; or

(2) The use of the compressor after such device or element of design has been removed or rendered inoperative by any person.

Among these acts, included in the prohibition against tampering are the acts listed below:

1. Removal or rendering inoperative any of the following:	2. Removal of any of the following:
a. engine exhaust muffler	a. sound absorption material, including padding strips on doors, panels and other cavity parts
b. cooling air exhaust and intake silencers	b. fan shroud
c. acoustic barrier	3. Operation of the compressor with any of the structures doors open.
d. housing door panels, canopy, or bottom panel.	
e. engine or compressor mounts	
f. wind air filtering system
